

Hello Glen Allen Families,

At this point in the year, we would normally be well into our registration phase for the upcoming basketball season. As we are sure you understand, this year has been anything but normal. We are very grateful to Henrico County for their long time support for our programs by offering gym space at the schools for us to run our program. Unfortunately, with Henrico County schools closed at this time, gyms have not been made available for GAYAA basketball, or for any other recreational basketball leagues. Additionally, no decision has been made as to when gyms will be made available. Further, we have been unable to find alternate locations that either have space available or enough space to support the nearly 1,000 kids that play GAYAA basketball.

Given the current circumstances, we have decided it is best to not open registration for basketball until we know when gyms will be available. The status of the upcoming basketball season is uncertain, but we are prepared to move very quickly to get a season underway once gyms become available for our use.

Thank you for your patience and we look forward to offering you an update as soon as we have more information.
